

JA HIGH SCHOOL HEROES

JA High School Heroes provides leadership development opportunities to high school students who deliver Junior Achievement programs in local elementary schools. Student presenters are prepared by JA to facilitate engaging learning activities that focus on financial literacy, entrepreneurship, and work and career readiness. This results in an enriched learning experience that helps students make the connection between what they learn in school and the world outside the classroom.

Following Participation in the Program, Students Will Be Able To:

- Identify the qualities of a leader and recognize the role of civic leadership in a community
- Use strong presentation skills to communicate effectively
- Recognize and use techniques that further teamwork and achieve group goals
- Use problem-solving techniques to solve issues in a classroom environment
- Apply critical-thinking skills to work-based problems
- Recognize the outcomes of decisions that are made
- Recognize the value of constructive feedback and the growth-mindset
- Develop a personal action plan

100%

of teachers strongly agreed that this program provided a value to their students*

97%

of students reported a positive impact on their leadership skills*

99%

of students agreed that the skills they learned will help them succeed in the future*

**according to JA-Rocky Mountain's 2023/24 program impact analysis*
